

eProcurement with Eppendorf

Bringing Quality and Value to Your Purchasing

Eppendorf has gained the trust of generations of researchers by providing innovative, high quality and reliable products. With an Eppendorf eProcurement catalog, users can access the products they need via a more efficient, simple and intelligent purchasing process. We share our customer's goal of streamlining the procure-to-pay process and support an user-friendly and customizable eProcurement environment.

Our capabilities include:

- > Hosted Catalogs
- > Punchout Catalogs
- > Level II and Live Price
- > cXML PO's and Invoices
- > Quote to Order
- > Stock Availability
- > Quick Order
- > Hotlists

Our dedicated digital business team will work with you to create customized data formats that best fits your eProcurement environment, your purchasing requirements and your business needs. We are connected with dozens of eProcurement systems, including Coupa®, Jaggaer® (SciQuest), Unimarket, Advanced, Prendio®, and many more. You can rely on Eppendorf's expertise to help you achieve a seamless connectivity experience.

An Eppendorf catalog can bring added value to your purchasing and procurement by reflecting custom account pricing, or you can opt in to discounts with one of Eppendorf's competitively bid Group Purchasing Contracts.

We value your time and your business and want to become a partner to help achieve your procurement goals. Contact us at eprocurement@eppendorf.com if you are interested in learning more.
