Eppendorf India and Rajalakshmi Engineering College Signed Memorandum of Understanding for Training of Biotechnology Students

Chennai, November 15, 2018 – Eppendorf India and Rajalakshmi Engineering College have signed a Memorandum of Understanding for training students of Biotechnology on various modules. Eppendorf is committed to skill development by offering tailor made training programs for those students.

The Training facility at Ambattur, Chennai encompasses state-of-the-art laboratories with conference and classroom facility. A team of Eppendorf Experts handle these activities by offering training program for students on modules such as Good Liquid Handling Practices, Art of Spinning (Centrifugation), Quantify in a new light (Detection of Biomolecules), Advanced PCR and Cell Culture.

This will enable the students to get hands-on experience on various techniques. The Memorandum of Understanding also aims at faculty development programs to keep them up to date with latest technologies.

About Eppendorf:

Eppendorf is a leading life science company that develops and sells instruments, consumables, and services for liquid handling, sample handling, and cell handling in laboratories worldwide. Its product range includes pipettes and automated pipetting systems, dispensers, centrifuges, mixers, spectrometers, and DNA amplification equipment as well as ultra-low temperature freezers, fermentors, bioreactors, CO2 incubators, shakers, and cell manipulation systems. Consumables such as pipette tips, test tubes, microtiter plates, and single-use bioreactor vessels complement the range of highest-quality premium products.

Eppendorf products are most broadly used in academic and commercial research laboratories, e.g., in companies from the pharmaceutical and biotechnological as well as the chemical and food industries. They are also aimed at clinical and environmental analysis laboratories, forensics, and at industrial laboratories performing process analysis, production, and quality assurance.

Eppendorf was founded in Hamburg, Germany in 1945 and has more than 3,100 employees worldwide. The company has subsidiaries in 26 countries and is represented in all other markets by distributors.

About Rajalakshmi Engineering College:

Rajalakshmi Engineering College, an autonomous institution affiliated to Anna University, Chennai, was established in the year 1997 under the aegis of Rajalakshmi Educational Trust whose members have had consummate experience in the fields of education and industry. The College has grown from strength to strength in the last 20 years and progressing towards Excellence in Engineering Education, Research and Development.

Started with 3 Under Graduate programmes in Engineering with an annual intake of 180 students in 1997, the College presently offers 12 Under Graduate and 10 Post Graduate programmes, with an annual intake of 1950 students. The approval of AICTE and affiliation of the Anna University for such a progressive intake is a standing testimony for the continuous growth of the college over the years. 9 of our Departments are recognized as Research Centers of Anna University to conduct Ph.D. and M.S. (By Research) programmes and many scholars have obtained Ph.D. through these research centres
