Eppendorf India and Sree Sastha Institute of Engineering and Technology signed Memorandum of Understanding for Training of Biotechnology students

Chennai, October 2018 – Eppendorf India and Sree Sastha Institute of Engineering and Technology have signed a Memorandum of Understanding for training students of Biotechnology on various modules. Eppendorf is committed to skill development by offering tailor made training programs for those students.

The Training facility at Ambattur, Chennai encompasses state-of-the-art laboratories with conference and classroom facility. A team of Eppendorf Experts handle these activities by offering training program for students on modules such as Good Liquid Handling Practices, Art of Spinning (Centrifugation), Quantify in a new light (Detection of Biomolecules), Advanced PCR and Cell Culture.

This will enable the students to get hands-on experience on various techniques. The Memorandum of Understanding also aims at faculty development programs to keep them up to date with latest technologies.

About Eppendorf:

Eppendorf is a leading life science company that develops and sells instruments, consumables, and services for liquid handling, sample handling, and cell handling in laboratories worldwide. Its product range includes pipettes and automated pipetting systems, dispensers, centrifuges, mixers, spectrometers, and DNA amplification equipment as well as ultra-low temperature freezers, fermentors, bioreactors, CO2 incubators, shakers, and cell manipulation systems. Consumables such as pipette tips, test tubes, microtiter plates, and single-use bioreactor vessels complement the range of highest-quality premium products.

Eppendorf products are most broadly used in academic and commercial research laboratories, e.g., in companies from the pharmaceutical and biotechnological as well as the chemical and food industries. They are also aimed at clinical and environmental analysis laboratories, forensics, and at industrial laboratories performing process analysis, production, and quality assurance.

Eppendorf was founded in Hamburg, Germany in 1945 and has more than 3,100 employees worldwide. The company has subsidiaries in 26 countries and is represented in all other markets by distributors.

About Sree Sastha Institute of Engineering and Technology:

Sree Sastha Institute of Engineering and Technology was established in the year 1999 with B.E & B.TECH courses in ECE, EEE, CSE, IT, CIVIL, MECH, Biotechnology, Automobile under the aegis of A.M.Kanniappa Mudaliar and A.M.K Jambulinga Mudaliar Educational Trust with the objective of imparting quality education to students with all facilities and infrastructure is located on the Chennai-Bangalore Highway (3 Km From Poonamallee) at Chembarambakkam.

In addition to these, M.E. courses in VLSI Design, Power Electronics & Drives, Computer Science & Engineering, Construction Engineering & Management, Communication System, MBA & MCA are also offered by this Institute.

Housed in spacious, separate blocks with excellent laboratory and library facilities along with well qualified faculty, the institute is poised for a great leap to bring about excellence in pertinent education.
