Eppendorf Nordic will not accept any invoices in relation to transportation of return items. All returns have to be carried out on the purchasers account and risk only. Customized and build-to-order products are not returnable.

12. Product Liability

If the goods supplied by the Seller cause injury or damage to the Buyer or his belongings, or a third party or his belongings, the Seller shall compensate the Buyer for his loss subject to the limitation specified in subsection below. This includes indemnifying the Buyer for any claim brought against him by an injured third party, even if the injury or damage was not by the negligence of the Seller or anyone for whom he is responsible.

Notwithstanding the provisions of subsection above, the Seller cannot be held liable for damage caused to objects intended for commercial use, nor can the Seller under any circumstances be held liable for any consequential loss, loss of profits or other indirect loss suffered by the Buyer as a result of the supplied subject of sale being defective. If the Buyer has contributed to the damage to the product through negligence or has failed to take reasonable precautions to limit the scope of damage, the Seller may, however, demand that the Buyer pays a proportion of the compensation which is commensurate with his conduct.

In the event of legal action being taken against the Seller or the Buyer with a claim for compensation based on the rules governing product liability, each party undertakes to let himself become involved in a pending case against the other party at the latter's request.

13. Force Majeure – Circumstances beyond the parties control

Circumstances which preclude any claim for compensation and postpone the delivery date and/or payment date exist when breach of contract is caused by an obstacle beyond the control of Eppendorf which we could not reasonably be expected to have taken into consideration or avoided at the time of entering into the contract, nor could the reasonable person be expected to have overcome.
