

## Regulatory Information

VisioNize® pipette manager  
English (EN)

### 1 Regulatory information

Regulatory information, certification, and compliance marks specific to "VisioNize pipette manager" are available on the internet under [www.eppendorf.com/manuals](http://www.eppendorf.com/manuals).

### 2 EU compliance statement

Hereby, Eppendorf AG declares that the radio equipment type "VisioNize pipette manager" is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available on the internet under [www.eppendorf.com/manuals](http://www.eppendorf.com/manuals).

### 3 FCC compliance statement

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- this device may not cause harmful interference, and
- this device must accept any interference received, including interference that may cause undesired operation.

**i** Changes or modifications made to this equipment not expressly approved by Eppendorf AG may void the FCC authorization to operate this equipment.

**i** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

2 VisioNize® pipette manager  
English (EN)

#### **4 ISED Canada compliance statement**

This device complies with ISED Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- this device may not cause harmful interference, and
- this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'ISDE Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

- l'appareil ne doit pas produire de brouillage, et
- l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

#### **5 Radiofrequency radiation exposure Information**

This equipment complies with FCC and ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and any part of your body.

#### **6 Technical data**

##### **6.1 Radio module**

Transmitting power	0.063 W
Power level	≤ 20 dBm
Frequency band	2400 MHz – 2483.5 MHz
Radio channel	1
Operating mode	Access point
Access points	1
Approval	FCC, IC
Standard	802.11 n

## 7 Governmental regulations

All informations about governmental regulations can be found in the VisioNize pipette manager: Menu > Settings > About this Device > Governmental Regulations

### 7.1 Australia and New Zealand

R-NZ

### 7.2 Brazil

Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados. Para maiores informações, consulte o site da ANATEL – [www.anatel.gov.br](http://www.anatel.gov.br)

18628-21-14470

### 7.3 China

CMIIT ID 2022DJ4074

### 7.4 Japan

This device is granted pursuant to the Japanese Radio Law (MIC OCTR Article 2, §1, Item 19). This device should not be modified (otherwise the granted designation number will become invalid).
