

Eppendorf Certified Refurbished Inventory

Discover savings for your lab with fully certified refurbished equipment

This program offers high-quality, pre-owned Eppendorf instruments and equipment that have been carefully inspected, tested, and restored to meet our rigorous performance standards.

Because you're buying directly from Eppendorf, you can rest assured that you'll receive the same quality, reliability, and performance you've come to expect from our products.

The Value You Want, The Quality You Trust

Every Eppendorf Certified refurbished product is painstakingly reconditioned by highly skilled manufacturer-trained Eppendorf Engineers under an ISO 9001 certified quality assurance system. They are thoroughly inspected, tested and refurbished before they are made available for purchase, and checked again before they are shipped to you. The Eppendorf Certified refurbished designation is only awarded to those Eppendorf products that meet our demanding quality standards.
