for premium performance

epMotion®

epMotion Performance Plans

epMotion and its dispensing tools are precision instruments. As such, they should be regularly maintained and calibrated, which will help ensure continuing high accuracy, precision and reproducibility.

With our Performance Plans options we help you maintain premium performance of your epMotion over an extended period of time. Our qualified service technicians will take care of your instrument.

Our Certification Services include all function tests, calibration and adjustment services needed for Installation and Operational Qualification (IQ/OQ) of your instrument.

Dispensing Tools Calibration

Calibration of the dispensing tools are based on ISO 8655, supporting your GLP documentation.

Value of service

- > Confidence in high quality results and instrument reliability
- > Simple service process
- > Professional maintenance

Keep your process in motion!
